## **Aetna Better Health® of Illinois**

### **Introducing the new EFT/ERA Registration Services (EERS)**

Aetna Better Health® is partnering with Change Healthcare to introduce the **new EFT/ERA Registration Services (EERS)**, a better and more streamlined way for our providers to access payment services.

#### **What is EERS?**

EERS will offer providers a standardized method of electronic payment and remittance while also expediting the payee enrollment and verification process. Providers will be able to use the Change Healthcare tool to manage EFT and ERA enrollments with multiple payers on a single platform.

#### **How does it work?**

EERS will give payees multiple ways to set up EFT and ERA in order to receive transactions from multiple payers. If a provider's tax identification number (TIN) is active in multiple states, a single registration will auto-enroll the payee for multiple payers. Registration can also be completed using a national provider identifier (NPI) for payment across multiple accounts.

Providers who currently use Change Healthcare as a clearinghouse will still need to complete EERS enrollment. Providers who currently have an application pending with Change Healthcare will not need to resubmit. Once enrolled, payees will have access to the Change Healthcare user guide to aid in navigation of the new system.

#### **How and when do I enroll?**

All Aetna Better Health plans will migrate payee enrollment and verification to EERS. To enroll in EERS, visit <https://payerenrollservices.com/>.
