

# Pay-for-Performance (P4P)

## 2024 program overview

The Aetna Better Health® of Illinois Pay-for-Performance (P4P) Program rewards providers for the high-quality care they give our members. Financial incentives are based on completing services on several Healthcare Effectiveness Data and Information Set (HEDIS®) measures.

### How P4P works

Assigned PCPs and/or specialists are paid extra for closing certain HEDIS® care gaps.

- Adult access to primary care (AAP)
- Blood pressure control (CBP)
- Blood pressure control for diabetics (BPD)
- Breast cancer screening (BCS)
- Hemoglobin A1c<8 (HBD)
- Follow up after emergency department visit for mental illness or substance abuse by any provider type (FUM and FUA)
- Prenatal and postpartum care for members with live births from October 8, 2023, to October 7, 2024 (PPC)
- Cervical cancer screening (CCS)
- Adolescent immunizations (combo 2) (IMA)
- Childhood immunizations by age 2 (combo 10) (CIS CO10)
- Well-child visits 0-14 months (6 or more visits within first 15 months) and well-child visits 15-30 months (2+ visits) (W30)
- Well-child visits ages 3-21 (WCV)
- Follow-up after hospitalization for mental illness services rendered by licensed behavioral health providers (FUH)

The previous minimum program eligibility requirement to see 50% of member panel has been retired. In 2024, participating providers with a member panel of 100 or more are eligible. **For 2024, the measurement year is January 1, 2024, to December 31, 2024.**

### Targets and payments

There are two payment methods in 2024:

- A three-tier payment method (starting at the 33rd percentile)
- An annual flat rate payment method

Providers receive incentives for all gaps closed when the next performance tier is reached or annually as indicated on the P4P payment table. Reconciliation occurs at the next payment cycle for any performance decline that may occur due to measure definitions.

Use reports in the [Availity portal](#) to track your progress. Your PR rep can assist with registration.

## Partnership bonuses

### Health Risk Survey (HRS) completion

- Providers will receive \$25 for every HRS completed for a new member in the first 60 days.
- Providers can also receive \$10 per HRS completed for all other members.

### Data exchange

- Providers with more than a thousand members will receive a one-time \$1,000 bonus for a new supplemental data source (SDS) approved by September 1, 2024.

### Notification of Pregnancy

- In addition to the Timeliness of Prenatal Care measure performance, providers can earn \$30 per notification of pregnancy. [Get the NOP form here.](#)

### Assess and enter Z-code (Z59.x) for problems related to housing and economic circumstances

- Providers will receive an additional \$25 per member per day for entry of this code.
